LETTER FROM THE SUPERINTENDENT

Congratulations, Class of 2021! You made it!

This last year and a half was not what you envisioned about high school. Your world was turned upside down by a global pandemic. Yet, you faced these very unprecedented and challenging times with resilience, perseverance and determination to achieve your high school diploma.

Your high school graduation is an incredible accomplishment and marks the beginning of a new chapter of your life, a time to reflect and establish new goals and objectives for your future. Your years at Greater Lowell Tech have prepared you with the core values, knowledge, and technical skills to be able to choose a path that aligns with your unique talents and skills, one that makes you happy and allows you to fulfill your dreams and achieve your goals.

No matter what path you choose, whether it be attending college, entering the workforce or joining the military, value all that you have been taught, embrace your strengths, respect others' differences, challenge injustice, and always be the good citizens you want to see represented in your community.

The world is yours now! You have the ability to face any obstacles you come across. Go and make a difference!

Congratulations and Best Wishes!

VIRTUAL TRAVEL

Travel bans forced experience-based businesses to think outside the box to bring in revenue. Museums, zoos and even theme parks offered virtual tours.

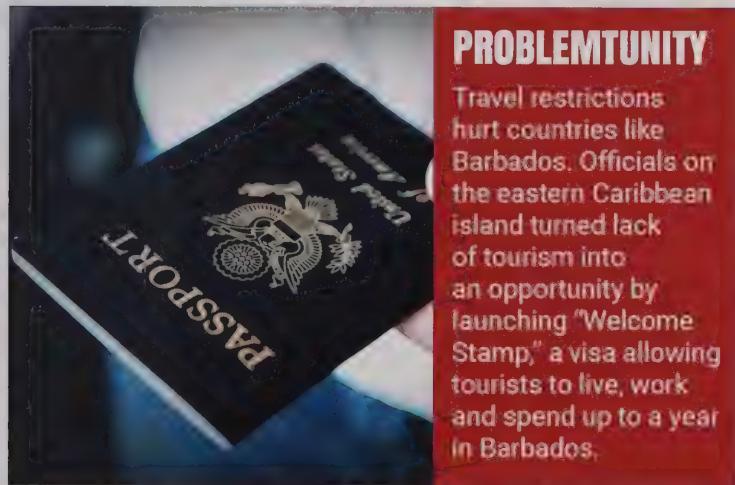

DISTANCED DRESS

While in quarantine, a 21-year-old UCLA student, under the TikTok pseudonym "Shay Rose," created a 12-foot social distancing dress made from pink tulle to help others visualize six-foot social distancing.

WORD OF THE YEAR

Collins Dictionary named "lockdown," its word of the year after it defined so many lives across the world in 2020.

PROBLEMTUNITY

Travel restrictions hurt countries like Barbados. Officials on the eastern Caribbean island turned lack of tourism into an opportunity by launching "Welcome Stamp," a visa allowing tourists to live, work and spend up to a year in Barbados.

PARTON FUNDS RESEARCH

Dolly Parton donated \$1 million to the Vanderbilt University Medical Center for coronavirus research. Her donation kicked off Moderna's vaccine development.

FINANCIALLY RESPONSIBLE

COVID-19 forced Americans to become more financially responsible, and gave them time to learn life skills like growing their own vegetables and cooking.

THE BEAT GOES ON

Chicago music teacher Caitlyn Walsh and her students were crushed when their spring concert got canceled. So they improvised and made a virtual choir video. Music educators all over the country followed suit. Walsh's video received more than 100,000 views on YouTube.
